

LAUREN GROH

Milwaukee, WI 53221 | 414-238-5890 | legroh.groh@gmail.com

LinkedIn: <https://www.linkedin.com/in/legroh/> | GitHub: <https://github.com/GrohTech> | Portfolio: <https://grohtech.github.io/react-portfolio/>

Summary

Full-stack Web Developer with experience querying and manipulating data on UW-Milwaukee's maintenance management system. Known by employers and peers for being consistent, reliable, and always motivated to learn more. Excited to put full-stack skills to use to create organized, impactful projects.

Technical Skills

Languages: JavaScript, SQL, HTML, CSS, GraphQL

Frameworks/Libraries: Express.js, React.js, Bootstrap, Mongoose ODM, Sequelize, jQuery, MaterialUI, Apollo Server, React Router DOM, WordPress

Experience with: Node.js, MongoDB, MySQL, Git, GitHub, Heroku, Insomnia REST client, MySQL Workbench

Projects

StillGood | <https://github.com/GrohTech/still-good>

| <https://pacific-bayou-24755.herokuapp.com/>

- Full-stack product tracking app
- Created initial models and associations. Worked on form validation and GraphQL mutations. Implemented PWA (Progressive Web APP) functionality. (MongoDB, Express.js, React.js, Node.js, MaterialUI, GraphQL, Mongoose, Apollo Server Express, JSON Web Token, Bcrypt, Day.js, React Router Dom)

React Portfolio | <https://github.com/GrohTech/react-portfolio> | <https://grohtech.github.io/react-portfolio/>

- Single-page professional portfolio application
- Implemented useState hooks and React Router DOM paths and routes to achieve single-page functionality. (React.js, Node.js, Bootstrap, JavaScript, HTML, CSS)

Social Network API | <https://github.com/GrohTech/social-network-api> | <https://watch.screencastify.com/v/K9tFri5Vgnd2mjEkZ2eV>

- REST API for a social networking app
- Set up Express server, created models and associations, wrote CRUD (create, read, update, delete) routes and tested them in Insomnia REST Client. (MongoDB, Mongoose, Express.js, Node.js, JavaScript)

Work It Done | <https://github.com/GrohTech/work-it-done>

| <https://warm-eyrie-07140.herokuapp.com/>

- Full-stack project management app
- Created models and associations, and sample seeds. Implemented responsive design. Tested and troubleshoot bugs. (Express.js, Node.js, MySQL, Sequelize, Handlebars, JQuery)

Experience

Office Operations & Web Design

2019-Present

University of Wisconsin-Milwaukee | Milwaukee, WI

Query and manipulate data on CMMS (computerized maintenance management system) WebTMA. Track labor, maintenance projects, equipment, and materials. Manage several UWM WordPress websites containing vital maintenance information.

- Updated **200+ HTML/CSS** files on heavily trafficked maintenance request website.
- Created **premier Wordpress website** for Facilities, Planning, and Management, where there was previously no central place to find updates and departmental information.
- Chosen to join employee engagement team to improve safety, training, and satisfaction.
- Earned scholarship to study training and development at nationwide higher education facilities conference.

Assistant Manager

2015-2019

Outpost Natural Foods | Milwaukee, WI

Managed team of 20 employees. Increased departmental sales through logical product ordering, merchandising, and consistent daily specials. Specialized in department retail operations, product consistency, and training and development.

- Improved documentation for training, onboarding, and standard operating procedures
- Chosen to participate in peer-to-peer mentoring group for employee development
- Selected to attend regional environmental sustainability conference

Education

Bootcamp Certificate (2022): University of Wisconsin - Extended Campus

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express.js, Handlebars.js & React.js

Bachelor of Arts (2012): University of Wisconsin-Milwaukee

Journalism & Mass Communication
